This document serves as an addendum to the 4-Year Baccalaureate Degree Program Catalog 2019-20 to provide the policies and procedures related to the Baccalaureate programs. Section: Degree Requirements (Page 27)

Degree Requirements:

In order to comply with the Higher Education Commission (HEC) of Pakistan, 8-regular semesters (fall and spring) guidelines policy, FCCU has adopted the following policy.

- Summer and Winter terms should be used for making up W's or F's or improving grades and for internships or research. NO overloads will be allowed except in cases when Summer or Winter are not possible or not sufficient.
- Students entering Fall 2018 or later must take 8 semesters to graduate.
- Students with Freshman or Sophomore status who entered before Fall 2018 but have not completed sufficient credits to stay on course must take 8 semesters to graduate.
- Students with 64 to 109 credits to note that 8 semesters should be their plan. However, we would not force the issue as they entered before the decision was made and they may have other plans already in place for post graduation. No overloads will be allowed for early graduation though.
- Students who currently have 110 or more credits and are enrolled in Spring 2020 may be allowed to graduate in 7 semesters but are encouraged to take Fall rather than summer if they still need courses.
