Message from the Rector

We are very glad that you are a student of Forman Christian College (A Chartered University). It has a wonderful history, and our graduates have had a profound impact upon Pakistan throughout the history of the nation. In part, that is because of the values and discipline that they learned as members of our student body.

We are trying to develop a program that will enable you to develop your abilities to the greatest possible degree.

We have an excellent faculty who are available to help you with your studies. We offer a variety of services that are designed to make the FCCU experience more enjoyable and helpful for you. There are, of course, certain rules and regulations that are necessary to support a quality of life on campus that is essential for a quality educational experience.

This Student Handbook outlines many of the services available to you, and is a ready reference guide for those standards of behavior and expectations that are important for your success as a student at FCCU.

Your years at FCCU will be challenging, and I trust that they will be fun and rewarding as you prepare for your future.

Best wishes,
Dr James A Tebbe

Message from the Chief Student Affairs Officer

Welcome to a new academic year at Forman Christian College (A Chartered University). We are happy that you are here and hope that this will be a great experience for you both academically and personally. This Handbook is designed to help make that happen. In here, you will find information about what we expect from you and what we can do for you. Please read it carefully and become familiar with it, as you will be held responsible for knowing this information. I know it doesn't seem like it will be that important, but almost everything you need to know is in here. It will make your first weeks and months here much easier and more pleasant if you are aware. If you have questions about anything in this Handbook, please feel free to come by my office in the Ahmed Saeed Administration Building.

There are several items in the Handbook that I want to bring to your attention. The first two are the Core Values and the Shared Commitment. These documents are currently unique to FCCU and may require some explanation. Our mission at Forman is to graduate students who are not just academically excellent but who are individuals of quality and character; people we are proud to call 'Formanites'. This means that we set goals for standards of behavior both here on campus and outside of campus. After all, you do represent this University wherever you go.

The faculty and staff of this campus created our Core Values document in an effort to define what qualities are important for all of the members of our campus community. We ask our faculty and staff as well as our students to live up to this. These were not carelessly chosen. These are qualities that will help all of us be successful now and in the future. They will also help us as we work together here on campus. That is where the Shared Commitment Document comes in.

The opening paragraph of the Shared Commitment states our purpose: to create a community in which all members can take pride. It is simply a statement of what is expected from each member of this community. Those expectations come from the Core Values as well as accepted standards of behavior. We are asking all members of the community to sign it and, by doing so, accept the responsibility for helping to create an environment that supports the mission and vision of this University. We are working to help you become men and women who are self-disciplined and who take responsibility for your actions and choices.

The third item that requires special attention from you is the graduation requirements. Please look at these carefully and be sure that you understand what is required of you. At the end of your four years here, you will only be able to graduate if you have met all of these requirements. Learn them now so you will not meet any unpleasant surprises four years from now.

There are many people to help you but, ultimately, your success here is up to you. You are the one who must attend classes and do the work assigned to you to the best of your ability. More than anything else, your attitude will determine how well you do here. The choices you will make this year will affect your opportunities for the rest of your life, so choose wisely. If you need help, ask for it. That's why we are here.

Cheryl Burke

How do I register for classes?

You will meet with your advisor to select your courses. Your actual registration for classes will be done through your online account. You will receive instructions for online registration during your UNIV 100 sessions. Information about the dates and requirements for registration are on the website and in the academic calendar.

How do I change courses/sections?

This is called dropping and adding. You can drop or add courses through your online account during the designated periods. These are listed in the University calendar located on the website. Changing a section is the same thing as changing a course.

What if I want to add a class after the dates on the calendar?

Once the dates for adding a class have passed, you will not be allowed to add a class. We do not make exceptions to this because you miss too many classes if you add after the first week.

What is the difference between dropping and withdrawing from a class?

A class can be dropped without showing up on your transcript at all as long as you do it prior to the deadline listed on the academic calendar. After that date, you may withdraw from a class until the date on the calendar. However, the class will appear on your transcript as a WF or WP.

How does dropping or withdrawing affect my academic standing?

If you drop or withdraw from a class it does not affect your GPA. However, you will not receive any credit for that class. So, you must make up those credits during another semester in order to maintain satisfactory academic progress and be able to graduate on time.

What if I want to withdraw from all of my classes?

Any full-time student who is contemplating official withdrawal from the University while the semester is in progress, but plans to return the following semester, must meet with the Chief Student Affairs Officer. If they are not returning to the University for the following semester, they must see the Vice Rector. A student is not considered to be officially withdrawn until the appropriate papers are filed and processed through the Academic Office. If a student stops attending class but does not officially withdraw, he or she will receive Fs on the grade report.

What is a syllabus?

A syllabus is the outline of a course. It includes dates for assignments, projects and exams as well as attendance policies for the class and information about how your grade will be calculated. You should receive your syllabus by the end of the first week of classes. If you do not receive one, speak to your class instructor.

What is a transcript?

Your transcript is your permanent academic record. It includes your grades, number of credits taken and your Cumulative/Grade Point Average. This is maintained by the University and shared with authorized personnel and, at your request, with other colleges or universities. Copies are available to you through the Academic Office for use in applying for further education, employment or other situations requiring this information. You always have access to an unofficial transcript via your online account.

What is a Grade Point Average (GPA) and how do I know what mine is?

A Grade Point Average is the average of all of the grades you have received during your course of studies. Your letter grades are transferred to point values and then multiplied by the number of

credits you received for that course. This is done for all of the courses you have completed. Then, those point values are added together and divided by the total number of credits you have attempted. Your GPA for the current semester and your cumulative GPA (CGPA) will be printed on your transcript. Your transcript is available through your online account.

I'm really interested in my major but am worried I won't be able to find a good job when I graduate.

We have a Career Services Office in Room 030 of the Ahmed Saeed Building. The staff there can help you with information about career opportunities in a wide variety of fields.

What is Academic Probation? How do I stay off or get off of the probation list?

Academic Probation is an indication that you are not making satisfactory academic progress. This means that, based on your current GPA, you would not be eligible to graduate. For complete details as to what GPA is required see the academic requirements section in this Handbook. If you still need assistance with this, see your advisor or the Chief Student Affairs Officer. If you are on the academic probation list, you must attend all classes and meet regularly with your Advisor.

How do I get on the Vice Rector's List?

Your Grade Point Average must be 3.75 or above during any semester. The Vice Rector's list is based on the semester GPA.

How are my grades determined?

The requirements and percentage weight for each assignment and exams is given in the course syllabus you will receive in each class. Your professor will calculate your percentage grade and then will assign a letter grade based on that calculation. The letter grades and point values are listed in the academics section of this Handbook.

What are the graduation requirements for the Baccalaureate program: BA/BS (Hons), BS (Hons) Computing, BS (Hons) Business, BS (Hons) Biotechnology?

All graduation requirements are listed in the Baccalaureate Catalog. Your graduation requirements are specific to the Catalog on which you entered.

When should I complete my general education requirements?

By the end of your 5th semester, so you can focus on your major courses.

What are the Competency Exams and how can I prepare for them?

Competency Exams are designed to test for a minimum level of competence in five areas: written and spoken English, written Urdu, Quantitative Skills and IT skills. These tests do not affect your GPA. They are pass/fail only. You must pass all five to graduate but you may take the tests more than once. The courses you take for general education in these areas should prepare you for the tests. There are also study guides available in the library and on the FCCU website.

When are the Competency Exams being offered?

These tests are offered multiple times each year. The dates are listed on the Academic Calendar on the University website www.fccollege.edu.pk. Graduating seniors will get priority for the spring semester dates.

What is a major?

A major is the discipline that a student chooses to pursue as his or her primary field of study. All students must have a major in order to graduate. Once you choose a major you must fulfill the requirements listed in the Catalog.

How do I declare my major?

In your fourth semester, you will complete an online form to declare your major. The directions for the form and what to do with it will be given on the website and posted around campus prior to the due date.

Is it okay to change my major?

Yes. You may change your major at any time. However, you are still required to complete all requirements in your new major so changing your major late in your program may delay your graduation.

What is a minor?

A minor is a discipline you choose as a secondary focus. It requires fewer courses or credits than a major. Not all departments offer minors. The Catalog has the information about the minor requirement for each department that is offering one.

How can I form a new society?

Visit the Student Activities Office in Room 010 of the Ahmad Saeed Administration Building.

How do I reserve space on campus for social or academic events?

Visit the Student Activities Office in Room 010 of the Ahmad Saeed Administration for clearance to hold an event. Once you have done this, you will go to the Events Office and make the reservation.

Such issues, if left unattended, may become a continuous source of anxiety and stress. Academic Policies and Procedures

Student Records

FCCU guarantees both the privacy and the confidentiality of all student educational records and a student's right to access those records. The official custodian of student records is the Head of Academics. Access to student records is limited to the student, the student's parent or guardian, current instructors, Academic Office staff, counseling and administrative staff with legitimate interests, authorized officials of the government and accrediting agencies, and persons bearing a lawful judicial order or subpoena, or any party designated by written consent of the student.

A student or former student has the right of access to his or her records. However, the University may deny access if the student has unpaid financial obligations to the University. Requests for access or copies of records must be made in writing to the Head of Academics who will comply within seven business days. Following review, a student may request any portion of his or her record to be expunged or edited, provided that supporting documentation is produced or available.

Baccalaureate Degree Attendance Policy

Students in the Baccalaureate degree program must have an attendance percentage above

67% in a subject in order to appear for the final exam in that subject. Students below 67% in one subject but at or above that percentage in other subjects may take their other exams but not the one in which they have short attendance.

This is a minimum requirement to take the exam. If there is a written policy established in the syllabus of a particular course, that policy takes precedence over this one. For example if a course syllabus states that 75% is required to take the exam that will become the minimum for that course.

Academic Dismissal and Readmission

Students who are Academically Dismissed will not be permitted to enroll at FCCU for at least one full semester (Spring or Fall). If a record is consistently poor, a student may not be permitted to return. Any student who has been Academically Dismissed from FCCU and wishes to be readmitted as a full-time student must submit a completed Application for Readmission to the Office of the Vice Rector and meet all conditions for readmission.

If the student has taken coursework at another institution while on dismissal, an official transcript of that work should be forwarded to the Vice Rector as part of the Application for Readmission.

Academic Integrity Importance

Academic integrity must begin from the first day at university and build into a habit that lasts for life. Without academic integrity, it is not possible to have a true university that teaches how to think or which builds new knowledge for the benefit of mankind.

Expectations

All members of the academic community are expected to:

- Credit the work of others, as appropriate
- Conduct research in an ethical and accurate manner, with the work of others cited appropriately
- Follow the ethical expectations of their discipline
- Honor the confidentiality of personal information of others in the academic community or of research subjects
- Research the intellectual property rights of others

Students are expected to:

- Come to class regularly and on time
- Clarify any assignments or expectations they do not understand
- Complete all assignments on time, without assistance from others, unless this is permitted by the professor
- Avoid the use of any aids or extraneous information on quizzes, midterms, or exams, unless explicitly allowed by the professor
- Recognize that excused absences are a privilege, and students are expected to provide accurate information when obtaining these

Breaches of Academic Integrity Coursework

Students may not:

- Use any method to cheat on exams
- Plagiarize or copy the work product or ideas of others, in any way, without adequate citation
- This includes assignments done by other students themselves for a different and/or earlier course
- Attempt to bribe or intimidate any other student, professor, or staff person in relation to academic work or for personal gain
- Impersonate another student in class or for exams or any assignment
- Sabotage the work of other students or faculty
- Conceal or remove information or material so that it is not available for others

- Violate confidential information.

Research

Members of the academic community may not:

- Plagiarize or use the work of others whether written work, lab results, or ideas, without appropriate credit
- Falsify results, data, findings, observations or any other information through active falsification or omission
- Intentionally mislead others about the importance of academic information
- Coerce a faculty member into suppressing the results of his/her research
- Violate the confidentiality of respondents or participants in any research activity

Documents

No member of the academic community may:

- Present a degree or other documentation of achievement that is not valid
- Present false or misleading information to obtain extension, absence, or to retake exams or take them later
- Expropriate or abuse a position of trust to utilize ideas, data, or other information gained in a peer review or pre-review process or in reviewing proposals for funding.

Academic Integrity Issues

The Academic Integrity Committee will review all cases where student breach of Academic Integrity has taken place. This includes but is not limited to cases of forgery (signing by students for advisors/faculty/staff) and plagiarism. All cases of forgery will entail a fine and an automatic hearing by the designate committee.

Reporting Breaches of Academic Integrity

When a faculty member believes that a student has violated academic integrity, he or she will confront the student. The faculty member will check with the Office of the Vice Rector to see if this is a first or subsequent breach of academic integrity.

If this is a first offence, and the student does not contest the charge, the student will fail the assignment; the faculty member will report the incident to the Office of the Vice Rector along with whatever documentation is relevant. The information will be put into the student's file. In this instance there is no Academic Integrity Committee (AIC) hearing.

The faculty member must notify the following: the Vice Rector's Office, the Chairperson of the relevant department, the Dean of the relevant faculty, the student's advisor, the Chief Student Affairs Officer, and the student concerned.

If the student contests the charge or the penalty, or if it is a second of subsequent offences, or a very serious offence, the faculty member will refer the case to the AIC using the appropriate form, with copies notifying the student, the Advisor, Chief Student Affairs Officer, the relevant Dean, and the Chairperson of department. The faculty should attach whatever documentation exists of about the breach. The offence should be reported as soon as possible, but no later than five working days after discovery of breach.

- A student may report a breach of another student's academic integrity to the professor or to the AIC in writing, signing the accusation
- A staff member may report a breach of a student's academic integrity to the AIC with appropriate documentation
- The breach must be reported within 10 working days of discovering the breach.

Academic Probation

Students are expected to maintain good academic standing. Official notification concerning academic standing will be given to all full-time students whose performance does not meet the prescribed standards of the University. After each semester, the Academic Standards

Committee and the Vice Rector will determine whether students experiencing academic difficulty will be placed on Academic Probation, suspended on Probation or dismissed from the university. Academic Dismissal carries specific conditions established by the Academic Standards Committee (see below).

The designation "Academic Probation" will appear on the student's transcript. It is used to alert students that the quality of their work is below that required for graduation. It is also a way of informing the student that, unless improvement is seen in the following semester, they may be dismissed.

Students with academic troubles who have been placed on probation must:

1. Attend all class meetings of every course in which they are enrolled.
2. Schedule meetings with their academic Advisors at least once every two weeks.
3. Adhere to any other provisions established by the Academic Standard Committee.
4. Any student who fails to observe the conditions of Academic Probation is subject to review at any time by the Academic Standard Committee and/or the Vice Rector and may be dismissed from the university.

Removal from Academic Probation

Probationary status remains in effect until the student's CGPA reaches the requirement for good Academic standing.

Suspension from Co-Curricular and Sports Activities

A student placed on academic probation or subject to dismissal for a second consecutive semester is suspended from participation in co-curricular or sports activities so that the student may devote full time to the studies

Registration Timeframe

Registration dates are published in the academic calendar.

All courses, for which the student wishes to earn credit, must be registered through student web services. The student is responsible for every course listed on his/her account schedule and can receive no credit for courses not listed here. After registration, official changes in registration may be made only during official add/drop periods when access to registration is again available online. No course may be added after the drop/add deadline.

Semester Hours Completed Minimum Cumulative GPA (CGPA) Required for Good Standing

0-35	1.50
36-64	1.75
65 or more	2.00

Non/ Partial Payment and Deregistration

Deregistration refers to the administrative dropping of courses registered by a student. All courses registered must be fully paid for by the appropriate date published by the Accounts Office. Partial payment or no payment for the semester result in deregistration which will typically be carried out twice:

- Before add/drop to create seats for paying students
- After add/drop to ensure that only paying students receive grades for courses attended (used to be 'begin classes')

It is the student's responsibility to pay and confirm registration and prevent deregistration. Students who are deregistered in this manner will not receive grades for the classes for which they have not paid. Any appeal to the student dealing committee must be made before the fees due date listed on the calendar.

2nd Deregistration

Once the 2nd Deregistration has occurred, students will not receive grades in classes for which they did not pay. A fine per course will be imposed on the student as detailed below. This fine is to counteract the cost of the seat not being available for other paying students

and is automatically added to the student's bill.

Fine for 2nd Deregistration

Students who did not pay for addition of courses by the last day of payment associated with add drop, will be deregistered as notified on the academic calendar. Additionally, since these seats can no longer be used by paying students, a fine will be imposed. This fine is to be applied to all (Spring, Summer, Fall and Winter) Semesters as Rs 2000 per course and will be reassessed each year.

2nd Deregistration fines will also result in business holds on student accounts. Since business holds prevent registration, it is the responsibility of the student to deposit this fine well ahead of the next round of registrations.

Cancellation of Courses due to Low Enrolment

- After the close of add/drop, classes with low enrolment are likely to be closed, particularly lower level, elective courses
 - For Spring and Fall, low enrolment is 5 students for upper level (300/400) and 10 students for lower level (100/200) courses
 - For Summer and Winter low enrolment is 10 students for all courses
- The Chairperson will be informed of the closure of courses due to low enrolment
- All instructors teaching courses with low enrolment must inform students of the likelihood of closure, prior to the end of add/drop
- The Chair can make the decision to continue with such course provided there is appropriate justification to do so
- If a registered course has been cancelled, students of that course can visit the Academic Office to arrange a satisfactory substitute preferably within the add/drop period or within 4 days of add/drop closure

Drop/Add and Withdrawals (from Course or University)

Add and Drop Policy and Procedure

Students will have a fixed period of time in which to register for classes for the next semester. Registration will close, thus allowing for a period of time prior to the semester in which administration can make needed adjustments to course offerings and faculty loads.

A two-week Add/Drop period will start seven calendar days before the first day of classes in that semester. The Add/Drop period will continue through the end of the fifth day of classes (exclusive of weekends or other breaks and holidays). Withdrawing from a class after this time will result in either a WF (Withdrawn while failing) or a WP (Withdrawn while passing). During Add/Drop time students will be allowed to add classes and drop classes as necessary. It is intended that most students will not add or drop a course – only a few should need to do so. This is not designed as a period in which students register for an extra class and drop the least favorable one. This period is to facilitate students to get into the courses that are appropriate for their educational needs and adjust their schedules accordingly.

All students who are registered before the Add/Drop are expected to attend their classes and labs during the first week. Students adding a class during Add/Drop are required to attend the new class as soon as they have added the class. Faculty will keep attendance from the first day of class and only excuse those few students for missing class if they did so before they added it. Traveling to University from a distant area is not a valid excuse for missing the first week of classes. All add and drops will be processed through the registration portal in the University website.

Withdrawal and Course Load Policies

Freshmen will not be allowed to take more than five classes. This may be less for first semester Freshmen.

Sophomores will only be allowed to take six classes or 18 hours with an academic plan explaining why and with their advisor's express permission. Juniors and Seniors may register for six classes with the usual permissions. Students who wish to withdraw from a class after the Add/Drop period may do so up to the date stated in the academic calendar. They will be given either a WP or a WF. If they withdraw before an assessment has been made or with a cumulative assessment that is passing, it will be a WP. If they failed an assessment or their

cumulative total of assessments was an F, they will get a WF.

Course Withdrawal (Online form)

Students are allowed to withdraw from a course until the end of the ninth week of the regular semester.

Students who withdraw from a course by the withdrawal deadline will receive a grade of WP (Withdraw with Pass) or WF (Withdraw with Fail) by the instructor. WP is an automatic grade if no graded instruments (assignment, quizzes, tests etc) have been given back to the student, otherwise the grade of WP or WF is as per the standing of the student at that point in time. The form can be downloaded from the website by the student but must be delivered to the Academic Office by the course instructor. If a student does not officially drop a course or withdraws from a course after the deadline, he/she will receive a grade of F. In circumstances where Academic Policy has been breached or disciplinary action taken, the Vice Rector's Office may award an AW (Administrative withdrawal) to a student and withdraw the grade given for the applicable course.

In extreme circumstances beyond the student's control, such as illness, accident or death of a parent, permission may be granted to withdraw after the withdrawal deadline. In extenuating circumstances W will be awarded by the Chief Student Affairs Office or the Vice Rector's office.

Temporary Withdrawal (Discontinuing for one semester or year)

A Temporary Withdrawal means the student has decided to discontinue one semester or one year of studies but plans to return to the University to continue studies. Depending on the date of withdrawal, the student may be entitled to a refund. Please refer to the withdrawal refund policy in the catalog. The form is available from the Academic Office. Once filled out by the student and signed by the student and academic advisor, it must be brought to the Chief Student Affairs Office. Students must meet with the CSAO, not just drop off the form.

University Withdrawal (Online form)

A University Withdrawal is defined as leaving the University permanently. If a student decides to leave the University the procedure to be followed is given below:

- The University Withdrawal Clearance form must be downloaded from the website
- It is the student's responsibility to obtain clearance from the Library, Computer Lab, Chief Proctor, Accounts Office and Science Laboratories
- The University ID card must be returned to the Accounts Office
- On receiving the approved form with all clearances, the Academic Office will issue a Letter of Release
- The student must submit a copy of the Letter of Release to the Accounts Office in order to collect his/her library security deposit
- If a student quits and fails to inform the University about the decision to discontinue at the University, he/she will receive failing grades for all courses. If the student does not cancel his/her registration prior to the drop deadline, he/she will be held financially responsible for applicable tuition fees

Readmission to the University

Students who have been dropped from the University must seek readmission. It is the student's responsibility to submit a copy of the readmission approval to:

- The Accounts Office (for Readmission fee and tuition) and
- The Academic Office (for Registration).

Once readmitted the student will apply for a new student ID card at the Chief Proctor's office.

Grading System

The grading system for undergraduate students is as follows:

Grade Point Value Numerical Value Meaning

I Incomplete

Changing a Grade

The instructor of the class in which the grade was assigned must take care of this in the Academic Office.

Incompletes

An Incomplete grade (I) indicates that a student has done passing work in a course but was unable to meet all course requirements. Justification for an Incomplete is generally non-academic and the grade is arranged at the instructor's discretion. An Incomplete grade does not affect the student's GPA. An Incomplete grade must be removed by the end of the following semester. Failure to complete course requirements during this period will result in a grade of F.

Repeated Courses

Repeating a course is allowed only if a student earned a D or F, the first time on the course. If a student repeats a course, the second grade will be factored into the GPA. However, all grades will remain on the academic record.

After the first repeat grade, all subsequent grades for the same course will be counted in determining the GPA.

Graduation Requirements

Commencement exercises are held in November. Degree candidates must submit an online degree application form by the deadline posted on the calendar. All course work must be completed by the beginning of September in order to graduate in that year. Students must fulfill all degree requirements from a single catalog. Degrees are awarded based on the degree requirements in place at the time of the student's entry into FCCU as a Baccalaureate student. If a student elects to use the requirements shown in any subsequent catalog issued during his or her tenure at the University, he or she may do so. A student may not use the requirements from a catalog prior to the year in which he/she entered the program. A Catalog is valid for 7 years.

Degree candidates must fulfill the following requirements:

- Complete general education requirements, major requirements and required free electives as specified in the relevant catalog
- Earn a minimum of 130 semester hours
- Have all transfer credits approved by the Academic Office
- Complete all Competency Examinations
- Earn a minimum of 45 semester hours in residence at FCCU, at least 15 of which must be in the student's major program of study
- Attain a minimum cumulative GPA of 2.00
- Attain a minimum GPA in Major courses of 2.00
- All degree requirements must be complete by the end of the Summer semester for students to participate in Commencement. An Incomplete grade in the candidate's final semester may postpone graduation for that candidate

Urgent Degree

If pending/incomplete grades or other graduation requirements are late thus preventing participation in commencement, a student still has the option of obtaining an urgent degree in January/February following commencement. The procedure for an Urgent degree begins at the Registrar's office. It usually takes 3 weeks for an urgent degree process to be completed

and there is a fee associated with this.

Language Course Policy

- All entering students will take ACCUPLACER for course placement. Students who achieve the benchmark will be placed in ENGL 101. Students with scores below the benchmark will be placed in the Intensive English program. These students will be required to retake the ACCUPLACER and a Spoken English Test at the end of the semester in order to move into ENGL 101
- Students placed in the Intensive English program will not take any other courses during that semester
- Students do not receive credit for the Intensive English courses. However, English is the medium of instruction at FCCU. Mastery of English will allow students to be successful during their university career and will broaden their opportunities after graduation

General Education

FCCU is a liberal arts University. The purpose of the General Education requirement is to introduce students to a broad range of intellectual pursuits, to provide sufficient breadth of knowledge to prepare them for their role as citizens, to equip them with communication and analytical skills, to help them to integrate knowledge that comes from different disciplines and to prepare them for a lifetime of self-directed learning.

Distribution Requirement

There are two components of the General Education requirement:

- Demonstration of competency as determined by performance on college assessment examinations in the following five areas:

Academic Advising (Academic Support for Forman Students)

Each student will be assigned to a faculty member who will serve as his/her Advisor. This will be the instructor for the student's UNIV 100 course. The Advisor will work with the student to select courses and create a class schedule. They will also discuss career planning and personal growth. Once the student selects a major program of study, a faculty member from that department will become the advisor. Each student has a responsibility to meet with his or her Advisor at least once each semester to review academic progress. Students will have as much guidance as they need and as much freedom as they can responsibly handle.

Participation in assessment

The Quality Enhancement Cell (QEC) at FCCU conducts multiple online and manual assessments. The assessments are administered through ACCUPLACER, ETS® Proficiency Profile and other exams created by the University. Online software-applications are used to conduct surveys.

These exams/assessments/surveys play a vital role in evaluating and analyzing the student's capabilities in regard to their learning outcomes, success and institutional achievements. The competency exams; Written English, Quantitative Skills, Information Technology, Spoken English and Written Urdu are degree requirements. Failure in these competencies may delay a student's graduation from FCCU. See Degree Program Catalog and Competency Exams Study Guide for more details.

Participation in these assessments will allow the student to see his/her academic progress and to participate in the assessment of the university and its programs. Failure to participate in these assessments may result in a fine and/or hold on the student's FCCU web-account.

Competency Exams

The following is FCCU's policy on Competency Exam attempts:

- Students will not be charged for the first three (3) attempts to pass each of the Competency Exams. For each subsequent attempt a fee of Rs. 1,000 shall be charged

 - o MATH 100 if they fail the Quantitative Skills exam twice
 - o CSCS 100 if they fail the Information Technology exam twice

Participation in Faculty/Course Evaluation

Faculty/Course evaluations provide feedback regarding students' experiences throughout the semester in their course(s). The ratings from these evaluations are imperative and utilized to provide feedback to both individual faculty members and the management. The responses help faculty members to improve their learning outcomes, teaching methodology, conduct, course activities etc. Also, the aggregate responses from the Faculty/Course Evaluation facilitate management when determining a faculty member's promotion, contract renewal and the overall betterment of the institution.

Student responses are anonymous and faculty cannot see individual responses so students are advised to be honest while completing the faculty/course evaluation(s).

Students are expected to complete Faculty/Course Evaluation in the given time period at the end of each semester for all courses taken in that semester. Failure to complete the Faculty/Course Evaluation by the deadline may result in a hold being placed on the student's online FCCU web-account. This will result in the student being unable to register for following semesters.

Majors and Minors

Students must complete the requirements of a major field of study in order to graduate. The number of credit hours required for the major varies depending upon the degree selected by the student, but it will be no fewer than 36 credit hours. 23 different majors are offered at FCCU with 4 that offer specializations within the major. If a department or program is started after the publishing of a student's applicable catalog, the student wishing to take the minor must switch catalogs so that both major and minor are from the same catalog. A major and minor cannot be taken in the same department.

Research Policies

Students participating in research should see their faculty supervisor who will provide them the relevant research policies according to the Faculty Handbook.

Student Classification

Students enrolled for 12 or more credit hours in any semester are considered to be full-time. Each year, students are classified in one of four classes according to the number of total credit hours completed at FCCU and accepted transfer credits:

Completed Credit Hours Class

0-30 Freshman

31-60 Sophomore

61-90 Junior

91 or more Senior

Suspension and Dismissal

A student who is suspended from the University for violation of University policies will receive an F for any work missed during suspension and will not be allowed to make up that work. The University reserves the right to suspend a student indefinitely any time that the student consistently shows his inability to meet the established standards of the University. A student who is dismissed from FCCU for disciplinary reasons will be given an AW (for Administrative Withdrawal) grade for each class in which he or she is enrolled.

Standards of Behavior

Upon admission to the University, all students are asked to sign the Shared Commitment Statement and adhere to the Core Values stated in this Handbook. These standards of behavior are expected of Formanites at all times, both on and off campus, and with all people regardless of their job title or position as employees or students. FCCU reserves the right to discipline students behaving in ways that violate University policy or standards of behavior and to suspend or expel students who continue to do so. There are many staff members working to make the environment of FCCU clean, safe and secure. It is expected that all of these people will be treated with respect at all times. They are vital to the functioning of this University and should be treated in ways that demonstrate our appreciation of what they do. This includes our gardeners, sweepers, security guards, lab attendants and anyone else working on this campus.

Identity Cards

All students must have their ID cards displayed while they are on campus. They should be worn around their neck or pinned or clipped visibly on their clothing. Failure to have an ID card may result in penalty. Students will not be able to enter class without an ID card. ID cards will be distributed to all students of the University. The procedure for distribution of these cards will be as follows:

- Students will be given a date to report for the making of ID cards. Students who do not appear at this date will have to come the student affairs office for information on when and where to get the card made
- Student ID cards will be distributed in UNIV 100 during the first week. If a student does not collect the card then, he or she may collect the card from the Proctorial Office during posted office hours
- If the card is lost, a fine of Rs 500 will be charged on the issuance of the first duplicate card and Rs 1,000 on the second issue. Loss of card must be reported immediately to the Chief Proctor. After this, a new card will be made and the old card will be voided on the system and will not be able to be used for entry.
- Students should not be asked to give up their ID cards as a part of a disciplinary action except in the case of suspension or dismissal from the University. If that is the case, the Proctorial Board or the Chief Proctor may take the ID card from the student.

Dress Code

The purpose of the FCCU dress code is to ensure that our students are dressed in a dignified manner. This means that the clothing worn should be clean, neat, modest and reflective of the culture in which we are operating. The University ID card must be visibly displayed at all times on campus.

Campus Visitors

All visitors will be expected to register with security upon entering campus and must get a visitor's pass. This pass must be worn around the neck as long as the visitor is on the campus. Visitors are welcome on our campus for many different functions. However, in the interest of the safety and security of our students, we ask that students accompany their visitors at all times. This means that students should not invite visitors during times they should be in class or have other commitments.

Students will be held responsible for the behavior of their guests and should be sure that their guests are aware of the expected standards of behavior. Campus authorities reserve the right to ask that a guest not be allowed to return to campus if his/her conduct causes disruption to campus activities or compromises the safety of the campus community in any way.

Non-students are not allowed to loiter on campus. If someone is coming to pick or drop a student, he or she should wait for that student in the parking area unless signed in as a visitor.

Mobile Phone Use

Students are not allowed to use mobile phones inside the classrooms at any time. They are asked to be courteous if using the phone inside the academic blocks so as not to disrupt classes being held. Phones should be switched off during class. Students using phones during class for calls, texting or disrupting class in any way will be warned and then fined. Repeat offenders may have their mobile phone confiscated. Mobile phones will not be allowed into an examination room for any reason. The instructor may collect the phones and contact parents to collect them if they are found in the room.

Camera phones are not to be used to take pictures of anyone without their knowledge and permission. Posting of pictures on the Internet without the consent of EVERYONE in the picture is a serious offence and will be dealt with severely. Students caught taking these pictures will have their phones confiscated and their parents called.

If this behavior falls into the category of harassment, students will be dealt with accordingly.

Classroom Misconduct

All students are expected to arrive at classes on time and conduct themselves in an appropriate manner during class, laboratory sessions and field visits. Faculty members are responsible for setting standards regarding appropriate classroom behavior and have the authority to remove from their class any student whose behavior is deemed inappropriate or disruptive.

Right to Study

Students entering FCCU are here to gain an education. No student will be allowed to interfere with another student's opportunity to do so. Any behavior that interferes with the study of another student or students will be dealt with severely. These behaviors include, but are not limited to, classroom misconduct, intimidation of faculty, staff or other students, and behavior outside of classroom spaces that interfere with classes being conducted inside. Possible penalties for this include fines, detention, suspension or, in severe cases, expulsion from the University.

Behavior in Academic Buildings

Students should be mindful that classes are conducted throughout the day and are expected

to behave in ways that do not disrupt classes that are in session. Loud conversations or other activities in the corridors or open areas of the academic buildings that are disruptive are prohibited and will be subject to disciplinary action.

Interaction between Men and Women

As a coeducational institution, FCCU is committed to providing a comfortable and safe environment for all of our students. We know that young men and women will be in classes together and will socialize as well. However, there are cultural norms that should be observed.

The following guidelines should be observed:

- Young men and women may sit together in public places on campus but NOT in secluded or isolated places. This includes parked cars, empty classrooms, behind buildings or behind bushes or hedges
- Men are not allowed in the Women's Common Room or in the Botanical Gardens (unless they are in a class or have an assignment from a class which is related to the Botanical Gardens)
- The nature of any interaction between men and women on campus must be in keeping with cultural norms. This means an appropriate distance should be maintained between them and there should be no touching

Personal Property

Students are responsible for their property. Bags, laptops, cell phones, etc. should not be left unguarded at any time. Do not leave them outside offices or classrooms or lying on the grounds.

Destruction of University Property

Instances of destruction, defacement or damage caused to University property shall be severely dealt with. The offender will be expected to pay for damages and, where appropriate, will be expected to assist in performing necessary repairs or clean up. The punishment may also include a special fine, community service, suspension or, if the circumstances so require, expulsion from the University.

Theft

Any student caught stealing or knowingly allowing another person to steal may be suspended or expelled from the University.

Personal Violence or Threatening Behavior

Fighting with, threatening or intimidating any member of the University community will not be tolerated. Students engaging in these behaviors may be suspended or expelled from the University.

Bribery or Coercion

Our faculty and staff are expected to maintain honesty and integrity in all grading and record keeping. Any student found guilty of attempting to bribe or coerce a faculty or staff member into doing anything dishonest in this regard may be suspended or expelled from the University. Bribery is defined as offering money or other payment in return for something. Coercion is defined as threatening to cause personal or professional harm if the desired outcome is not given. For example, threatening to give a poor evaluation of the instructor if a student is not marked present when he or she was not in class.

Alcohol and Drug Use

Possession, use or sale of alcoholic beverages, hard liquor, or drugs on the University campus is strictly forbidden. Violation of this policy will result in strict disciplinary action that may include suspension or expulsion from the University.

Smoking

Smoking within the University premises is strictly prohibited. This is a law in the Punjab. Students caught smoking may be fined. Repeat offenders may be assigned to detention or community service.

Weapons

Possession of weapons of any kind is strictly forbidden and will be severely punished. Use of a weapon will result in expulsion from the University without prejudice to any other legal action which the authorities would deem fit to take in view of the nature of such an offence.

Disciplinary Appeal

Students have the right to appeal a disciplinary decision if they believe that they have been unjustly accused or punished. To appeal a decision, the student needs to write an application to the Chief Proctor within one week of the disciplinary action. A Disciplinary Action Committee will hear the appeal and the decision of the committee will be final, subject only to the final decision of the Rector.

Sexual Harassment

Sexual Harassment is unacceptable behavior at FCCU and such behavior will be subject to disciplinary action. Harassment refers to behaviors that are intended to be offensive, threatening or disturbing to the recipient. To harass is to persistently annoy, attack, or bother someone. Sexual Harassment is defined as any unwelcome sexual advance, request for sexual favors, or other verbal or physical conduct of a sexual nature that is offensive, embarrassing, intimidating or humiliating. This includes:

- Instances when the harassment has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive environment
- Instances when submission to the harassment is made either explicitly or implicitly a term or condition of fair treatment

Specific examples include, but are not limited to:

- Touching in an inappropriate way
- Staring or leering
