\_\_\_\_\_ Major CGPA 2.0+

To find major CGPA:

Add grade points awarded for all CSCS or COMP courses taken (DO NOT include CSCS 100).

This is on your transcript. Write that total here \_\_\_\_\_

Add the number of credits ATTEMPTED (this is the first column... NOT credits earned) for all COMP or CSCS courses taken (DO NOT include COMP 100). Write that total here \_\_\_\_\_

Divide the total grade points awarded by the total number of credits attempted. That is your major CGPA.
