(A CHARTERED UNIVERSITY)

SEMINAR INVITATION

Date: 07th December 2023

Time: 09:20 AM

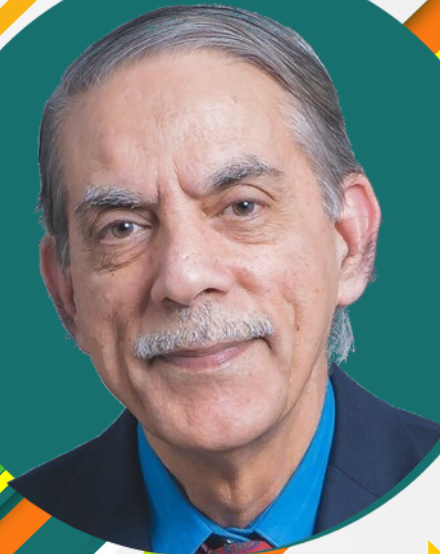

Venue: E-025

TOPIC: POPULATION DYNAMICS AND IMPORTANCE OF DEMOGRAPHIC ANALYSIS TO PROMOTE EVIDENCE- BASED POLICY FORMULATION

DR. TAUSEEF AHMED

Technical Advisor, NIPS/UNFPA

Dr. Tauseef Ahmed currently serves as a Technical Advisor at NIPS and UNFPA, bringing extensive expertise in Population and Family Planning programs in Pakistan. With a wealth of experience, he excels in project formulation, piloting, training, and supporting development, implementation, and monitoring. Dr. Ahmed has a deep understanding of government operations at various levels and has actively contributed to planning, coordinating, and organizing Population and Health sector initiatives. His contributions include supporting national agencies, conducting surveys, and strengthening monitoring systems. Dr. Ahmed's leadership has been instrumental in managing teams across Pakistan, fostering effective collaboration with government departments, NGOs, and international agencies. Additionally, he has shared his knowledge as a visiting faculty at the Pakistan Institute of Development Economics University and supported the Health Services Academy in Islamabad as a Visiting Resource Person.
